## The Explorer 2

Nama : \_\_\_\_\_

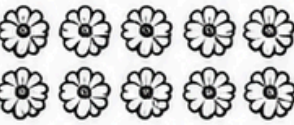

Kelas : \_\_\_\_\_

Tanggal : \_\_\_\_\_

### Pos 1 Menghitung Benda di Alam

Lingkari angka yang benar sesuai jumlah benda berikut!

1  6 7 8 9

2  8 9 10 11

3  10 11 12 15

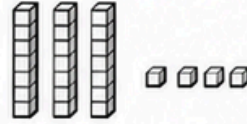

4  5 6 7 8

5  5 8 9 10

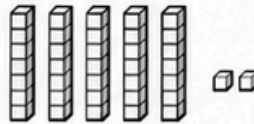

### Pos 2 Nilai Tempat

Perhatikan balok berhitung berikut!

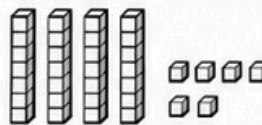

Tuliskan nilai tempatnya sesuai gambar!

1 

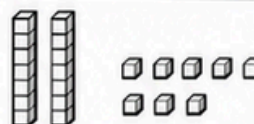

|         |        |
|---------|--------|
| Puluhan | Satuan |
|         |        |

2 

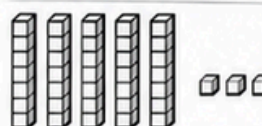

|         |        |
|---------|--------|
| Puluhan | Satuan |
|         |        |

3 

|         |        |
|---------|--------|
| Puluhan | Satuan |
|         |        |

4 

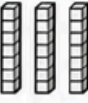

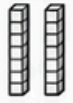

|         |        |
|---------|--------|
| Puluhan | Satuan |
|         |        |

5 

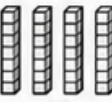

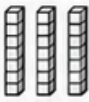

|         |        |
|---------|--------|
| Puluhan | Satuan |
|         |        |

### Pos 3 Penjumlahan Puluhan dengan Puluhan

Hitung jumlah balok berikut! Tuliskan hasilnya.

1  +  =

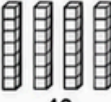

30                      20

2  +  =

40                      30

3  +  =

50                      20

4  +  =

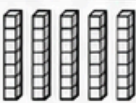

30                      40

5  +  =

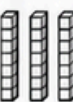

60                      20

### Pos 4 Pengurangan Puluhan dengan Puluhan

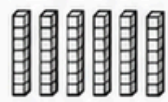

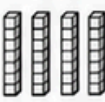

Hitung sisa balok berikut! Tuliskan hasilnya.

1  -  =

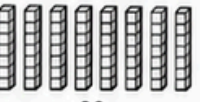

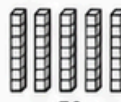

50                      20

2  -  =

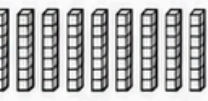

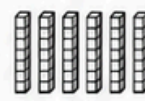

70                      30

3  -  =

60                      40

4  -  =

80                      50

5  -  =

90                      60
